

BECOME AN EYE TO EYE MENTOR!

Eye to Eye is a national mentoring program that pairs college students with reading, writing and math based learning disabilities and/or ADHD with similarly labeled middle school students.

Every week, University of San Francisco students work with middle school students on art projects that are designed to help the younger students learn about themselves and embrace their learning differences. Art rooms are every Wednesday from 2:00-3:00 PM at Gateway Middle School.

If you are interested in becoming a mentor or have any questions, please contact the University of San Francisco Eye to Eye Coordinators. All art is good art; mentors do not need to have backgrounds in art to get involved!
