5:00 PM – 6:30 PM, KN 100  
Food Will Be Served!**

USF La Raza's Signature Event, "Latinos in the Law," is a panel discussion aimed at facilitating a candid dialogue between Latino/a law practitioners and students in addressing common and complex questions of upward mobility, pathways to access, and life after law school for Latinos in the Bay Area. Panelists will share some of their life experiences, their career paths, advice and more importantly, they will help to create a space for students to engage in meaningful discourse. This is an amazing opportunity to meet a practicing judge and attorneys, learn about different career paths, and start building network connections in the legal field.
